

ONCE YOU GO LAZY, AQHA STALLION

2022 CONTRACT

(Free, Auctioned or Ruffled Breedings)

KS PERFORMANCE HORSES

contact.ksperformancehorses@gmail.com

The key to successfully breeding your mare with transported semen is very careful planning, management and coordination with KS Performance Horses. We highly recommend having your mare at a vet clinic or reproduction facility for her heat cycle. They will be able to coordinate optimum pick-up or shipping times with us and have a greater ability to inseminate your mare at the most ideal stage of their cycle. It is recommended that the mare has an ultrasound post-insemination to ensure she had ovulated at the correct time, if she has not then another collection can be performed for the same cycle if semen can arrive in time for ovulation.

This stallion service contract is for cooled semen during the **2022** breeding season for **ONCE YOU GO LAZY** (AQHA #5423613) and hereafter referred to as the stallion. This contract is entered into on the _____ day of _____, _____ by and between Marjory Rivers, the stallion & facility owner, and _____, the mare owner.
